MIDIFOREST FK

MIDIFOREST FK DUAL TRANSMISSION [D.T.]

- Cutting heads to fit 3 point linkage, skid steer and industrial interface
- PTO or hydraulic drive
- Fixed tungsten carbide tipped knives, suitable for cutting and mulching up to 8" diameter according to the type of material
- Fully guarded
- Hydraulically operated door to aid felling operations
- Forged rotor sections for massive strength and increased rotor weight
- Internal mulching bars for finer mulch, which breaks down more quickly
- Available in widths from 39" to 98"
